

# CCMTFC    The Squeaky Spoke    May 2017

The Mini Swap Meet at Hoss' with a BBQ was a success. The CCMTF club had a joint space at the Megi Swap meet and sold quite a few parts.

Our Breakfast meeting for the pancake breakfast was very successful. I arrived late because I thought I remembered what I had written about our meeting time but should have reread it the day of the breakfast. I was late. Cars driven were Evan Mason's '14 touring, Rob Rohrer's '15 Depot Hack, Bob Tullock's '23 touring, and Richard Harvey's '27 touring.

Rob and Kelly have been working with the website and have started a Facebook page

The web site is : <[ccmtfc.com](http://ccmtfc.com)>

The Facebook is: <Central Coast Model T Ford Club>

You should look these up or drop by a library or someones house and use their computer for a few minutes. They are really great.

Upcoming events include the following:
