

# CCMTFC    The Squeaky Spoke    May 2017

Activities are increasing and we have many things to do the next few months. to the upcoming First, Roger Pahl's family has assembled some of the parts Roger collected for the restoration of his beautifully restored Tudor Sedan. We assembled these parts to take to the Mega Swap meet at the War Birds facility on Dry Creek Road May 13th. Evan, Hoss, and I got together and went through the parts looking up prices in Mac's and Lang's to set some price guidelines.

As we wrapped up the descriptions we thought we should get together as a BBQ and mini swap meet for the CCMTF club to give our members a first opportunity on these parts. We had agreed to gather at The Hoss residence (5880 Jardine Road, PR) on Sunday May 7th at 2:00 pm just make this a fun event. We then thought why not make this a "Mini Swap Meet" by having everyone bring any Parts and accessories to sell or swap. Please give Hoss a call (805-610-2556) to let him know you are planning to attend so he can gather up enough food.

A few of us have reserved space at the Mega Swap meet if you have things you would like to sell. We also have a couple other events that should be fun.
